

2024 Iowa Compliance and Reporting Due Dates

Reporting Requirements ⁽¹⁾

Stormwater – NOI Submittal	February 28
EPCRA - Tier II Reports (submit on E-Plan)	March 1
Biennial RCRA Hazardous Waste Reports (LQG) (even years)	March 1
Title V Air Permit Annual Certification of Compliance/Semi-Annual Monitoring Report	March 31
Title V Air Permit Annual Emissions Inventories	March 31
Greenhouse Gas Reporting (submit at cdx.epa.gov)	March 31
Annual Hazardous Waste Report/Fees	April 15
Minor Source Emission Inventory (MSEIQ) ⁽²⁾	May 15
EPCRA - TRI Form R/A (submit at cdx.epa.gov)	July 1
NPDES Annual Fee Payment	August 30
Air Permit - Semi-Annual Monitoring Report (Title V)	Sept. 30

(1) Facility requirements should be verified to confirm due dates.

(2) Every 3 years. MSEIQ for emission year 2023 is due in 2024 for Western IA and portable plants (IDNR Field Offices 3 and 4).

Additional Environmental Requirements

Stormwater: General Permits (Nos. 1, 2, and 3) are effective 3/1/23 and expire 2/29/28: <https://programs.iowadnr.gov/stormwater/pages/eApplIntro.aspx>. Conduct monitoring and training as required and at least annually.

Hazardous Waste: Small and large quantity generators and anyone who treats, stores, disposes of or transports hazardous waste in Iowa must file a hazardous waste form and pay the appropriate fee to the IDNR by April 15.

Wastewater (NPDES/SDS): Discharge reports are required to be submitted at regular intervals, per permit requirements. Those required to submit DMR forms must do so within 30 days of sampling.

SPCC Plan: SPCC Plans must be updated every five years or whenever there is a change in oil storage or spill potential. Conduct and document routine inspections and annual training.

Air Permits/Emission Inventories: Individual permits may have additional requirements. Submit Title V Annual Emissions Inventories and MSEIQs electronically on SLEIS. Submit all construction permit applications; Title V operating permit applications & modifications; notifications of start of construction and start of operation electronically on Iowa EASYAir.

EPCRA TRI: Begin collecting data for RY2024 for reporting over 100 pounds of 189 specific PFAS chemicals (there is no de minimis exemption). See attached link for additional information: <https://www.epa.gov/toxics-release-inventory-tri-program/basics-tri-reporting>
